“ It is hard for me to believe that you are gone but you will never be forgotten. As mentioned in many other messages" you were like a brother" and you were. Even when we worked together you could always keep your cool and demeanor while I usually exploded (not at you) about something. You were more than just a "go to guy" whether it was work related or as you would say for "sh*ts and giggles". You were an amazing man, who was loved by so many including my family. My daughter fondly called you "Uncle Tony" and will always remember you as such. So, we didn't have to be related by blood we were related by heart, spirit and soul because that was who you were. You loved everyone and everyone loved you back!! You will never be replaced my dear and loving friend and you will never be forgotten but you will be missed tremendously. I look forward to the day when we see each other again in the presence of our Lord and I can hear that silly laugh of yours that always put a smile on my face. The only thing that makes this a little bit easier is knowing that you are safe Tony, in the arms of our Lord, Jesus Christ. I love you man!!

“ My condolences go out to all of Tony's family, friend and coworkers. Though we were on opposite teams he was always considered one of the good ones. Know that his cheerful personality and professionalism will be sorrowfully missed. He truly was a good man.

“ Tony I am hoping this is just one of your crazy stunts, but unfortunately I think this one is for real. I am devastated as is everyone who learns about your passing. Tony You knew how to enjoy life like no one else I know, and there was no such thing as a "typical day" in the life of Tony Scheidt. It was impossible not to enjoy our time together. Whether it was as colleague or competitor, our first and primary relationship was always as two friends. I will always remember the Quixote softball games at Grant Park and your threats to me that you would someday date my daughter just to upset me! I will never ever forget the time you pretended to be my security detail when we were invited by the World Trade Center for a luncheon honoring the Costa Rican President in the Aon Building. Somehow they let me rent that room where we had lunch for my daughter's wedding, and I think they were afraid of what you would do if they did not let me use the room! Tony, I will miss your silly laugh, your totally unpredictable actions and most of all your friendship. It is true that only the good die young. The world is a sadder place today without Tony Scheidt.

“ Thoughts and prayers to all family and friends in the resent passing of a sweet man taken too early in life, Such a wonderful man with a heart so full of happiness and joy, fun and laughter, I never remember a day with him being sad but always full of kind words and encouragement, You'll be so sadly missed by many but apparently GOD had plans for you! Although you are gone, and dearly missed you are not forgotten you left your mark with many that will continue to spread and grow... May you rest with your loved ones that have already passed while waiting for the rest to join you... I am glad to say you was a great friend and follow classmate with an amazing heart Rest.

Forever remembered

“ Tony was one of the first guys I met with Energy when I started in the highway business in 1999. He showed me the ropes in Rocklin, was a constant resource for learning and became a great friend. I will remember the nights throwing darts, finding out he was from the "Mint capital of the world" North Judson, and watching baseball. You will be missed my friend.

“ Tony, where to begin my friend I am still caught between unbelief and heartache at your passing. So many years of business association with you that, over time, developed into a good friendship. I remember when you were first employed by EASI in Customer Service so many years ago and thought Oh my would you listen to this guy's laugh! it was actually shocking, but revealed a huge sense of humor and the heart of a guy who enjoyed life and found fun in everything he could. Thank you for all the professional help you gave, but thank you eternally more for the priceless gift of your friendship, for the smiles, the laughs, the craziness, for giving up one of your Saturdays and being my tour guide for a beautiful day in Chicago. Thank you for showing me the Tony, the sweet guy behind that crazy and carefree persona, that's what real friends do. And thank you for the many, many fun times we shared with friends on both a business and personal level, memories of fun times that would not have been the same without you. Always quick with a hug and a smile, and a Love You! I will forever miss you. The grief and heartache at your passing, way too soon, will fade in time, but you will never be forgotten. Rest in God's perfect Peace my friend, I will see you down the road. My most sincere and heartfelt condolences to your family, and to your many friends; we grieve together, yet rejoice together as well for the privilege of calling you our friend.

“ I remember the first time we reconnected four years ago after a few years had passed and we said that we had to work on getting our family back together b/c we would only be seeing everybody together again at funerals...I never thought in a million years that it would be your funeral everybody would be gathering for. We made that connection with some happen a few times, but we still had so much more work to do. This has been a realization that life is too short and I am so grateful that we did reconnect and had so many fun times together. You really were more than a cousin to me, you were like my brother. I always had a place to stay in Chicago and you always had a place to stay in Valpo. Even our impromptu trips were crazy fun...like pulling an all-nighter while drinking wine and playing rummy in Alabama or our weekend in Indy involving a Train concert. Hawks games will never be the same without you (even parade day this year we made a great weekend out of)! That's the thing about Tony...no matter what you did with him it was always a blast. I've learned so much from you and still had much more to learn and we had so many more hawks games to go to, and many more bottles of wine to drink together, and many more trips to make. You will never be forgotten and I thank you for everything you did for me. I'll see you again one day and hope that God's strength can get us all through this tough time.

“ Tony, you will be missed by so many people. I always enjoyed working with you. You always had a smile on your face, and I am so sorry that I will not be able to see that smile again. Sometimes it is impossible to understand why things happen in life. Your leaving us so suddenly is one of those things

“ I am shocked and very saddened by Tony's passing. As mentioned by many his passion for the company and the products he assisted in selling truly made him stand apart. I remembered the first day he started at the Chicago office. You just knew from the start that he was going to be a heck of a guy to work with. Tony had a fun personality and lived life to the fullest. Tony will be missed.
