“ *Dad there is not one day that goes by I think about you. Like 2 thank you. For asking me to share them last few months of your life with you.. I learned and had so many awesome laughs :) Stories I will remember to my death. And thank you for giving me the life I live today. Hope your golfing, fishing and dancing and singing until the Angles cry. We can hear you now. And you sound just as beautiful as the day I videoed you out side your house. 2picture's and that tape 30seconds long. You was ready to go in side. Next day you left us 2 go home and be with the ones that left us. Until we meet again. Look over me as u have always had.*

“ Just sitting here thinking about you. Dad I've been going to the doctor's. Thing's aren't going well for me. You know this. If your really looking down on me. Like you told me you would always. Prayers from my higher powers. God you and mom. My brother and the rest. Are all up above but. I'm not ready and way to young. No cure for this disease. But I'm not given up. Strong and positive thoughts. I am still young daddy. Ask God to heal me. And give strength to me. From all I have cred past few days. Mine is all gone for now. Missing you like crazy. Until we meet again. I love you dad. Your daughter dalen kretchmer.
