“ I'm saddened to hear this news. I was a student of Skips. My wife's mother could not be with her during child birth so Skip went in with her for support.

We all loved her and learned a lot from her. I went onto a career in homecare and nursing. I also worked at UCLA.

She inspired many of my life choices.

Over the years I've thought of her fondly.

A few years ago I met up with her and she was able to meet my daughter again after 30 years.

Thank you Skip, you taught me well!

God bless you!

“ Let me be the first to say "Cancer sucks"! We all lost her so fast.
While I'm glad she doesn't hurt anymore, our hearts hurt. She
became a VIP in our family, even sharing the back seat with Nevan.
He to grew to love her as we did. She tried so hard to teach me
about Lady Luck. I will always treasure the hummingbird feeder she
gave me, even though I wasn't very good at that either. She was
smart and articulate. She loved the mushrooms that Brian always
took to her. So many things, I in fact could fill the page. We spent a
lot of time with her. My Skip-De-Doo, I'm so saddened to have to
say goodbye to you. Thank you all for sharing your mom and sister
with us. Much love to you all.
