“ Steve, I am so sorry for your loss. Somehow when parents live so long, it just seems that they will always be there and that in itself makes their passing just that more difficult. I remember staying overnight at your home repeatedly for our science fair project. Your mom was always so attentive to ensure that I enjoyed healthy, substantial dinners and breakfasts. I also recall how hospitable both your parents were when we were building our class floats in their garage. I am privileged to have known both of them, and now especially I too feel grief in your mom's passing. She was a wonderful lady. My condolences go to you and Kathy and family, as well as to your siblings and their families.
In loving sympathy, Denny Bales

“ I'm sorry to learn of Betty's passing. She was a wonderful lady and I have many fond memories of times spent at the Lucas home while Steve and I were growing up. Betty and my mom were frequent collaborators at church functions then.

Our thoughts, prayers and condolences are with the entire Lucas family today.
