“ Teaching with Kevin and Mary over 30 years, I learned she was an avid sports fan. Char needled me about "padding my handicap at golf". I didn't. I was just that I constantly. I don't think I ever beat her at golf, even tho she is my Mom's age! My thoughts to the Brown's family.

“ She was a very sweet and caring lady! I remember her coming in Burger King every day and talking to all of us workers.
