Tribute Wall

“ Eardon, also known as Pete to many including myself was above all the sweetest, loving and most kindhearted man I have had the honor and privilege to have had in my life and knowing. There will always be a place in my heart that could never be replaced that he holds so dear. I truly loved and will always love him. May he rest in piece and my deepest condolences to the family.

“ So many memories they asked yesterday but I just couldn't bring myself to talk. Even if I could what memory do I share? I have so many great ones. How you called me Nickelodeon or Nick at Night at night. How on Easter when i was little you always hid one egg on yourself. Summer time with you grandma, Christie and the boys. When grandma passed how i stayed with you and we got closer. How when you got home and i stayed with you mom spent a night with us and we laughed so hard. The garage sale i got you to model doll wigs. How we would argue about the radio at the sale because i hate country music lol. The weeks I'd stay with you and we'd talk and watch the same 4 shows. I wish I could have more memories but I'm so lucky to have so many. Thank you grandpa for being my grandpa I love you
