“ *Uncle Eugene was more like a brother to me. He was always there for me especially during my confusing early adult years. I just wished we had lived closer and could have spent more time together. You shall be missed! Until we meet again enjoy all the fishing heaven has to offer and save some bass for the rest of us.*

“ *Eugene was the perfect friend. He had the smile that you knew came from his heart and the hug that showed how much he cared. I have been lucky enough to have known him since high school when he dated my best friend. Love to his family and many friends. Our lives were so much better to have had Eugene with us for these short 65 years.*

My brother-in-law was one in a million and I will miss him so much. He, Larry and my husband are up there bragging about all the fish they caught. In each story, the fish will get bigger and bigger! Love him
