“ Flo asked me to write her a memory for us a long time ago and she probably has it with the family tree information i gave her. I hope you all look for it now. She said she would but i know never contacted her relatives.

She lived with her grandma about a mile or so away from us off of hwy 10 . We used to ride bikes down that nice side road that at the time had a canopy of trees over it. It was beautiful and we had fun.

Flo used to cook and iron off of her grandmas wood cook stove.

She used those irons that you heat up. I was surprised she never made holes in her clothes i know I would have.

They had to be heated up on the stove and then she would use one and put it on the stove and use the other one.

Flo and I have seen each other as much as possible thru the years and called in between. Any time I was town she could make me laugh. She was a wonderful person and I know we will see her again. I want her family to know that she is making Jesus laugh now and watching down on everyone. AND she is healed. Love Jean
