“ On Behalf of the Hayes family I would like to thank all the family and friends for their condolences, prayers, and sharing their memories. Dad didn't want everyone to put their heads down and be sad when his time came he just wanted to be remembered for the good times he had with them, so in honor of that wish one of my funniest memories was fishing with him in a boat at Ancilla College when i went to cast he got up to change seats and i hooked him with my lure. It was quite the job getting it out with a pair of needle nose while he was carrying on so. For years it was my fault his fault conversation. Sorry to any of the nuns at the college that may have overheard him.
