“ You had a bigger influence in my life than you knew. So many good memories I'll always hold dear to my heart. But the one that stands out the most was the night you came home from church and you sat at the table with Dawn and I. You had a smile and a glow that sent me on a quest to find the man you called Jesus! Years later, I did! You're with your Savior Momma Jean.....I'll see you later..
