“ Dear Betty & Ed: Your dear Jean was someone I related to while we were in high school together...and I know how much being a part of a large family shapes our lives. Jean certainly managed to accomplish much and has left her legacy for her children. Betty, I have many fond memories of times I came to your home and shared fun with all of you so I'm sending much love your way. I pray you will hold many happy memories of your life with Jean. Emily

“ Aunt Jean and Uncle Al were the heart of our extended family. When our parents were away on a business trip, my brothers and I were delighted to spend overnight at the Newmans. Growing up we shared many family events, including an annual picnic at the dunes park near Michigan City. Our sons worked for their Grandmother Marks in Toto and Jean taught each of them a work ethic, whether they were sorting zippers, burning trash, or taking bags to the cashiers. Jean and Al hold a special place in our hearts. This is the end of an era in the lives of my family.
