“ *My grandpa is one of the most hardworking and caring men I have ever met. He was always involved in anything his grandkids were doing and we loved that. Our golf outing and sleepover were the bomb last summer and those memories will forever stay with us grandkids forever. Lots of love everyone! He got his wings and passed peacefully into Heaven and will enjoy his time up there until we can meet again.*

“ *My brother was one of the hardest working men that I ever knew! He had several jobs and always performed them all with a great sense of satisfaction! Always took great care of his wonderful family and was always there for his grandkids! Loved all the times growing up as kids! Had so much fun together, playing war,hide and seek, taking hikes down the road to the creek wearing our backpacks that we handmade! As well going to Indy 500's together and enjoying each others company for the day! What great brother,friend,father,grandfather,husband and whatever other label you want to put on him. He was a mans man, always honest,fair,never beat around the bush! I will forever be grateful to have known Jimmey Ray White. Love ya Bro! Keep my daughter Rachel company until we meet again! Peace out!*

“ *I have several different memories about my brother growing up. His crazy bicycle stunts. Playing ball in the open field out behind the house on west street.he tried teaching me how to ride a bike (a boys bike) in the ally on west street I wrecked it hurt , I cryed ,he yelled at me lol but even though it was a boys bike with that big cross bar ,I still treid because he let me ride it. I just have several different memories ,but when I went to a cook out at his house I took with me some old pictures I found I wanted to show him and also a family album of other pictures ,it was really nice looking at them together. I enjoyed being with him. Rest peaceful my brother. I love you .tell Eldon I miss him .and enjoy our brother ronnie.*

“ You all already know where I stand in the family. Close friend, Adopted relative (through the DePoy side,) Becky's God mother, and the list goes on and on. My memories of Jimmey could go on forever. I feel as if I have lost a brother in law. I want to just close in saying, I was prouder than punch to have known him. I will stop right there because I need to keep my emotions bottled up and keep strong for Hazel and Becky and the children. Love you ALL and RIP Jimmey.

“ What can I say, I spent the better chunk of my younger childhood at Uncle Jim (and Aunt Hazel)'s house... they lived just across the street basically and I use to love to stay overnight with Becky at their house. Uncle Jim always made me feel welcome and I never felt awkward... always safe and fun and like a family was supposed to be. I'll cherish all those memories as well as cookouts where Uncle Jim (and Uncle Garry) showed us kids how to play Lawn Jarts, haha... we didn't know then they were dangerous. Great times and great memories by a great man.

“ I loved you Jim. You always made me laugh and you were always such a wonderful host when I came to visit. You also have been and will continue a huge inspiration to me. I admired how you worked hard without complaining no matter what pain you may have been in and I know at times it was a lot same as me. On the days I feel that I can not possibly work an 8 hour day I tell myself that " Hey if Jim can do it so can I " and I do make it. I was so glad to see you Christmas 2011 and glad that I got to tell you that and I loved the way you just smiled at me. I remember as children how you wanted to jump off the shed roof to see if you could fly, well you are flying now my brother. I almost envy you because you now reside in Heaven with our most awesome Father and you are pain and worry free, however one day I will join you and we shall have a happy reunion, and neither one of us will be rushed because of having to get back to work. Until then my dear brother know that I will carry you with me until we meet again.

“ I will never forget the time we were visiting Uncle Jim in Indiana, and my mom and I were at a park, and Jim was late getting there because he has hit a deer and totaled the front end of his car! He was okay, but the car wasn't lol. I will miss him and see him again one day!
