“ Joe was a great friend with a quick smile. I always enjoyed getting a moment with him when returning to Indiana and the St. Paul congregation. He was a true friend of Dad's as well. Prayers and condolences to June and the family. He will be welcomed into our Maker's arms but will be remembered in our hearts. With love and prayers from Gene Podell and family.

“ We will always remember how much Randall loved Wyoming and the west. You could see in his eyes the splendor he saw and he was so happy when he was out here on visits. Knowing now that he is in Heaven and will see so much more of Gods wonderous creation makes it a little easier but we wish we could have had more visits while on this earth he always was an inspiration seeing the struggles he had but still smiling, We love you all. “ I am so sorry for your loss. I haven't been around for many years but I still remember how Randall was one of those people who always made you feel good. And while it doesn't fill the hole he left in the hearts of those who love him, his sufferning is over now, and for those of us that had the privilege to know him we'll always carry the legacy of who he was in our memories.

“ I would not be the person I am today without your huge influence in my life. Even though I saw you in moments through out my life, they were life changing moments. When I lived with you for 6 months, I had known of God but You brought me to him, had me confirmed, helped me invite the savior into my heart. Your words, love, and time have echoed through my head and heart all my life and still do and Always will. I know you loved me, that I was special to you, I hope you know I love you and you are special to me. I know no matter how much time passed between the times I saw you, you would make a b line to me and spend the time with me. You always made me feel Special, some how you knew what I needed most. It was as if God moved you when it came to me, I strongly believe You were Gods hands in my life. When everyone saw me as a oppositional, lying brat, you saw through it, you saw the pain, and the strong need for love and acceptance. Had it not been for you, I would have probably not lived to see 15. My heart sunk and an image of your face smiling at me, saying "It's all right, I'm fine, you should see it here. Laughing, telling me, You got this be strong, You are and have always been special", came to my mind. Then I went to fill the bird feeder with seed, as I thought of you, and a small, just learnt to fly lookin bird, was sitting on feeder and did not move even when I had hand on feeder, it just stared at me for a about a full minute, then moved around to other side, and continued to peek at me, and then it flew off....I immediately said, I Love You Uncle Randall, I will Miss Seeing You!!!!!!

“ Randall was one of the most caring, loving and selfless people i ever met and i had the privilege to call him my family. Over the years he would call and come to California to make sure we were doing well. We enjoyed all his visits and loved it when he came out to California with Dad after the family reunions.
