“ My heartfelt condolences to all of Ken’s family especially Ned, and Tex. Ken was my classmate and boyfriend in the last two years of high school. He was a gentleman and a scholar. Full of trivial information which I found fascinating. We walked to school together everyday through rain, sleet, and snow. His male friends called him Mac. He was well-liked by everyone. Always well-groomed and on time. R.I..P. Friend. 💕💕

“ I am so sad to hear of Mr. McCormick's passing. I remember playing Star Wars in the basement and coming up to find he had come home from work. He always had a smile and a quiet greeting for me.

My heart goes out to you, Angie, Scott and Carrie.

Love,

Lisa
