“ Larry was a funny, sweet guy. One memory I have of him was at recess during the winter at St. Peter Lutheran School. The parking lot was covered with ice and we were all skating on our boots. Larry decided to entertain us with his version of the “Hamel Camel”, falling and busting open his chin! I think he had to get stitches. But he laughed it off in his good-natured way. I’m sorry for your loss. Larry will be missed.
