“ Pat was very special to our family. We met at church, I believe, in 2002. She was very welcoming. I joined the choir and have many fond memories of us singing together. I missed hearing her voice when she moved to West Lafayette. She was very kind and thoughtful. When our children were born she knitted gloves and hats for them. I still have them, but now they are packed away and I hope to have grandchildren some day to wear them. She always had a smile on her face and knew how to make light of a situation. She would always tell me to try to get a job at the Library in town and how good it would be for me. She knew I finally got a job at a Library, it was just in a different town. What she never knew was that my son ended up working at the North Judson Library just as she did. I think she would have been thrilled to know that. We will miss our walks with her to the nature center, playing rummikub and boggle, and watching the wildlife. I will miss our talks and her advice on life. She will forever be in our hearts and will be truly missed.
