“ *So sorry to hear about his passing and remembering the Easter egg hunts here when he was a child and that truly at the age of 28 still one in heart. He was always a friendly person and seemed to have his life together. The last I had the pleasure of talking to him was when he was a manager at F E station here in Judson. As with most we all grow apart however that doesn't mean we don't often think of others and he was thought of by many. So sorry for the rest of the family and know that he will always be with you !
