“ *I remember her zucchini bread. It was so good. I also remember going to her house as a child. My mom and dad would play cards with her and uncle Logan. My sister's and I would be allowed to go to Lennox across the street from time to time. She made me a beautiful quilt and then one for my first born child. Used to love watching her and others gather around the quilting square to quilt. Something I wish I would of learned. Always patient and kind. Always smiling. She will be missed by all who knew her. All who knew loved her. RIP Aunt Vinney*
